CAMBOURNE TOWN COUNCIL

District of South Cambridgeshire

CAMBOURNE TOWN COUNCIL FACILITIES

Following the latest Government announcement, on the 19th July Step 4 of the 'Roadmap out of Lockdown' will take effect. Our Community Facilities will therefore be able to reopen from Monday 19th July at normal capacity with 2m distancing no longer needing to be adhered to.

Face masks are still recommended to be worn in indoor facilities, including shops and on public transport and may be recommended to continue wearing inside our community buildings, through the use of posters however this will not be mandatory.

Regular exercise classes and children's groups have been using the facilities during the Step 2 and Step 3 phases, but we are now able to allow private bookings (e.g parties and events) to take place and have been taking provisional bookings over the last few weeks.

We will still be encouraging social distancing with posters in venues, ensuring hand sanitisers, soap dispensers and cleaning supplies are topped up and asking hirers to keep rooms well ventilated. Hirers must also agree to continue cleaning frequently touched surfaces and anyone with symptoms of Covid 19 must not attend bookings.
