

CAMBOURNE PARISH COUNCIL
District of South Cambridgeshire

Finance and Policy Meeting 20th December 2016

Incidents at Parish Buildings

There have been two recent incidents of mindless vandalism and attempted entry to Parish Buildings.

The first incident was a group of youths who repositioned a camera and used wooden benches to gain access to the balcony of the Sports Pavilion and tried to gain access to the building through the balcony doors. The alarm was triggered which scared off the intruders. Unfortunately in climbing on to the balcony they damaged the ceiling to the balcony which has been temporarily repaired. The police retrieved a bottle that had been used by the youths and have taken it for DNA sampling.

The second incident was at Great Cambourne Cricket Pavilion where a teenager removed the outside tap completely leaving the water pouring forth. He then proceeded to kick the hole to try and stop it. The police have reviewed the CCTV footage and a clear image of the miscreant was obtained and is being circulated for identification.

We would like to thank the resident who reported the leak so that it could be turned off safely with no damage to the fabric of the building.

It is:

RECOMMENDED that the report be received.
