I just wanted to bring up an issue I have, I love to take my 3yr old to the park in upper cambourne she has cerebral palsy and loves the swings. I recently moved here from Melbourn where their park has a special needs swing, unfortunately I cannot get my daughters legs through the swings here and would love to see a special needs swing in upper cambourne, I understand funding can be difficult, but would be nice to see all children of different needs to be able to use the park.

Thank you for your time reading this
