

# CAMBOURNE PARISH COUNCIL

District of South Cambridgeshire

Council Meeting 5<sup>th</sup> July 2016

## **3G PITCH AND TENNIS COURTS**

Work is progressing to enable the construction to begin during week beginning 11<sup>th</sup> July 2016.

Information has been submitted to South Cambs District Council to discharge the pre-commencement conditions of planning approval.

The one issue that was not covered by the original tender process is the upgrading of the existing flood lighting to the MUGA and tennis courts. The appointed contractor has prepared a price for the upgrade of the lights to LED. The estimate of £40,640.00 is compatible with the price for the 3g and tennis courts. Currently 2 lights are out and need expensive repairs and the remainder are showing signs of needing replacement in the near future. The lights currently cost approximately £5,300 pa to run and this would be more than halved by upgrading them.

It is:

**RECOMMENDED** that the floodlights to the existing MUGA and tennis courts be upgraded to LED using the Parish Energy Fund.
