Subject: Battle's Over – A Nation's Tribute

Battle's Over - A Nation's Tribute

On the 3 August 1914, Britain's Foreign Minister, Sir Edward Grey, was looking out of his office window. It was dusk, and gas lights were being lit along London's Mall, leading to Buckingham Palace, when he remarked to a friend, "The lamps are going out all over Europe; we shall not see them lit again in our lifetime". Our country was about to be plunged into the darkness of the First World War, and it would be four long years before Britain and Europe would again experience the light of peace.

In commemoration and remembrance of the end of the war and the many millions who were killed or came home dreadfully wounded, a chain of 1,000 beacons will be lit throughout the United Kingdom,

Channel Islands, Isle of Man and UK Overseas Territories at 7pm on the 11 November 2018 – a century after the guns fell silent. You will be pleased to know that more than 320 organisations have already confirmed their involvement.

The event will also commemorate the huge army of men and women on the home front who, often in dangerous and exhausting conditions, underpinned the war effort - keeping the wheels of industry turning, bringing the harvests home and ensuring the nation did not starve.

The beacons will symbolise the light of hope that emerged from the darkness of war, and we hope that your organisation will join us in this important national commemoration on Sunday 11 November 2018, especially as the majority of you would have had a previous member of your family involved in this four year conflict.

9 MAY 2017

BATTLE'S OVER - A NATION'S TRIBUTE

Dear Colleagues,

On 3 August 1914, Britain's foreign minister, Sir Edward Grey, was looking out of his office window. It was dusk, and gas lights were being lit along London's Mall, leading to Buckingham Palace, when he remarked to a friend, "The lamps are going out all over Europe; we shall not see them lit again in our lifetime".

Our country was about to be plunged into the darkness of the first world war (WW1), and it would be four long years before Britain and Europe would again experience the light of peace.

In commemoration and remembrance of the end of the war and the many millions who were killed or came home dreadfully wounded, a chain of 1,000 beacons will be lit throughout the United Kingdom, Channel Islands, Isle of Man and UK Overseas Territories at 7pm on the 11 November 2018 - a century after the guns fell silent. You will be pleased to know that more than 320 organisations have already confirmed their involvement.

The event will also commemorate the huge army of men and women on the home front who, often in dangerous and exhausting conditions, underpinned the war effort - keeping the wheels of industry turning, bringing the harvests home and ensuring the nation did not starve.

The beacons will symbolise the light of hope that emerged from the darkness of war, and we hope that your organisation will join us in this important national commemoration on Sunday 11 November 2018, especially as the majority of you would have had a previous member of your family involved in this four year conflict.

Detailed co-ordination begins in April 2017, when the Pageantmaster will publish a special Guide to Taking Part, similar to that produced for Her Majesty The Queen's Birthday Beacons on 21 April this year. If you can confirm your involvement before the end of March 2017 we will be able to include your organisation in the guide's acknowledgements pages before it is distributed to others encouraging their involvement too.

Participating councils, organisations and community groups will also receive a special certificate as a permanent reminder of their involvement in this special tribute.

There are a number of cost-effective ways of participating in the chain of beacons.

1. Use existing beacon braziers on tall wooden poles erected in 1988 and for other recent anniversaries.
2. Use gas-fueled beacons lit for The Queen's Diamond Jubilee in 2012.
3. Use the gas-fueled VE beacons lit to commemorate the 70 year anniversary of VE Day in 2015.
4. Use the gas-fueled beacons lit for The Queen's 90 year old birthday in April this year.
5. Build a traditional bonfire beacon.

I would be grateful if you would confirm your involvement by providing the Pageantmaster (contact details are: Bruno Peek LVO OBE OPR, Pageantmaster, Battle's Over - A Nation's Tribute, telephone: +44 (0)7737 262 913 and email: brunopeek@mac.com) with the following details as soon as possible to ensure that you are included in the guide and on our website for others to consider taking part.

- Name of organisation
- Name of beacon co-ordinator
- Address of beacon co-ordinator
- Telephone number
- Mobile number
- Email
- County
- Country
- Beacon location

Please confirm if your beacon will be open to the public or will be lit at a private event for family and friends. This is important because private beacons will not be included in the acknowledgements pages of the guide but will be included in the list kept in memory of this unique occasion.

When planning your beacon, your local newspaper could help you in contacting a relative of someone who served their country in WWI so you can invite them to light your beacon. This will also help you to gain media coverage for your event while providing a personal and touching aspect to the occasion.

We do hope that you will be able to join in this special tribute.

Yours sincerely,

A handwritten signature in black ink that reads "Sue Baxter". The signature is written in a cursive, slightly slanted style.

Cllr Sue Baxter
Chairman, National Association of Local Councils

AGENDA ITEM No. 18.2

Recycling in your community in partnership with EAAA and The Salvation Army

Dear Friends

As a local parish or town council, East Anglian Air Ambulance (EAAA) would like to make you aware of an exciting project we are working on with The Salvation Army. We would love the chance for your community to get involved and support us to make a difference.

Since EAAA launched in 2000, we have attended over 20,000 missions, touching the lives of many thousands of people. We have an amazing crew which includes two pilots, a doctor and a critical care paramedic on every mission, all working together to save the lives of people across the region. Our state of the art helicopters ensure we deliver a world class service across East Anglia, and can reach a patient anywhere in the region within 25 minutes. We are also proud to operate two rapid response vehicles to provide support in urban areas.

Can you help us?

We are looking for sites within your community to place clothing banks for the public to donate clothing and shoes. This is a joint venture with The Salvation Army and the money raised from the banks will be split evenly between the two charities. Both EAAA and The Salvation Army rely on the generous donations of our supporters which, in turn, enable both charities to continue to provide their vital services within East Anglia.

Possible sites include village halls, tidy tips, sports clubs, railway and bus stations, supermarket and pub car parks. The restrictions are that there cannot already be a Salvation Army clothes bank in that location and the banks cannot be placed at Asda, Tesco, Morrisons and Co-op branches.

If you have a site within your community that you think might be suitable, please [email us](#) with details. Thank you for your help, together we save lives.

With best wishes

Mike Preston
EAAA Corporate Partnerships Officer

Cambridge Gliding Club – Consultative Committee

DRAFT MINUTES OF MEETING: 1900 HRS 5TH APRIL 2017 AT GRANSDEN LODGE AIRFIELD

PRESENT

John Weeks	CGC Chairman
Michael Samuels	CGC Secretary
Sally Bushby	Caxton PC
John Archer	Waresley PC
Gerry Burne	Gamlingay PC
Bob Murden	Little Gransden PC

APOLOGIES

Richard Brickwood CGC President

MINUTES OF THE PREVIOUS MEETING

The minutes of the previous meeting, held on 9th November 2016 were accepted as a correct record.

MATTERS ARISING

Shortly after the last meeting, the BGA told us that they will not be publishing the report into the mid-air accident in May 2014. They agreed that we could give out a redacted copy of the report to members of the Consultative Committee. Chris Davis sent copies to Ian Selkirk of Great Gransden PC and Bob Murden of Little Gransden PC and offered to let any other members of the Consultative Committee who requested it.

Bob Murden said that the Parish Council of Little Gransden has asked how the recommendations of the BGA have been implemented at the club to avoid such an accident happening again. John Weeks explained that this has been addressed in the club through the process of annual checks for club members. This involves tuition both on the ground and in the air, and includes the subject of safe thermalling techniques.

CHAIRMAN'S REPORT

John Weeks said that since the last consultative committee meeting in November the club has been operating well, and has taken delivery of a new winch. We are currently looking at some small building work for an extension to the club house for a gliding simulator and for a battery charging facility for gliders with electric engines. We will be submitting planning applications for both of these in the near future. As well as the Open day which will be taking place on Sunday 9th April, we are also planning a young people's day and women's day to attract new members.

John gave an update from Richard Brickwood regarding the club's intention to amend the conditions of the original planning permissions:-

In late January Richard had discussions with both HDC and SCDC to understand their requirements, and is now working on their suggestions before preparing a formal application. In particular, the HDC Environmental Officer has asked that we supply background noise measurements from a number of sites around the airfield using equipment that meets the Environmental Department standards. For reasons of weather and the need to get the right people and equipment together, it has not been possible to do these yet, but we should be taking these measurements soon.

Whilst drawing all the elements together it not difficult, the member who does it on behalf of the club also needs to find time to do it. We remain committed to invite Consultative Committee representatives from all Parish Councils to meet with us at Gransden Lodge when we are in a position to submit the formal applications – hopefully by the end of May. This would be a meeting for the PC representatives only, as HDC and SCDC will be the recipients of the formal applications.

The question was asked about how much it costs for a trial flight and to learn to fly. The information was not available at the time of the meeting, but a brief summary is given below:-

- Trial flights:-
 - Winch launch: £30
 - Aerotow to 2000 ft: £110, (£50 on the open day for a 15-20 minute flight)
- If you get hooked, annual flying membership is £580 per year (or £150 for a one off 3 month taster membership).
 - Thereafter a winch launch costs £11 and a 2000 foot aerotow costs £30.50 plus flying charges of £43.20 per hour for a two seater. There are no additional costs for instruction.
 - If you take out annual membership we offer a fixed price to solo package of £1275, which includes unlimited winch launches (during 12 months before going solo), 6 aerotow launches to 2500 ft, 45 minutes free per flight

COMPLAINTS RECEIVED SINCE LAST MEETING

There have been no complaints received since the last meeting.

MAJOR COMPETITIONS IN 2017

As stated in the Chairman's report above the club plans to run a members' Cloud Rally in the coming summer, between August 5th and the 13th. In addition, the club has offered to host the Inter-club League on the weekend of June 10th and 11th and the final of the Inter-club League on the weekend of September 2nd/3rd. The Inter-club League is a small weekend competition between local gliding clubs.

ANY OTHER BUSINESS

None.

DATE OF NEXT MEETING

Wednesday 8th November 2017 at 19:00 hrs at the Cambridge Gliding Centre, Gransden Lodge.
