**Subject:** Bus stops

Dear Sir or madam

I wondered who I need to contact about there being paths to the bus stops in upper Cambourne as a frequent user I see this being a problem getting the the curb to board the bus in the bad weather moths coming plus is there a way obstructing the bus from getting near the stop so I do have to walk half way across the road due to parked cars I see this as a safety issue

Dear Simon,

The above named persons now form the team of official Trustees and representatives of Cambourne Crescent. I am fortunate to have such a highly experienced and professional team and am absolutely confident that they will help shape and deliver the tasks necessary to achieve our aims.

The aims of Cambourne Crescent are clear:

- To meet the more immediate needs of the minority represented
- To be fully engaged with, contribute to and participate in the wider community of Cambourne
- To foster and maintain working relationships with leaders within the community, across all multi cultural, multi representative and multi faith platforms
- To continue to deliver on the founding principle of working to generate and contribute to local and international charity work

The recent BBQ event, held at the Cambourne Green, was a great success for Cambourne Crescent. From the proceeds of sales, the organisation agreed to donate £300-00 to the Cambodian Orphanage. We are very grateful to you and your organisation for the opportunity and for accommodating us so well at the event. This event marked a successful milestone in delivering on our aims.

I and the entire team at Cambourne Crescent look forward to continued dialogue, cooperation and successes with you and your team.

Should you have any questions or wish to make contact with the organisation at any time, please feel to contact me.
