Subject: Local Highway Improvement (LHI) Initiative changes

Dear Sir/Madam,

I write to inform you of changes that were approved to the Local Highway Improvement (LHI) Initiative earlier this week by the County Council's Highways & Community Infrastructure Committee. These changes ensure that the authority is able to recover the cost of delivering the initiative and the projects that are funded through it, whilst providing greater support for applicants in developing and delivering improvements to their local highway.

Key areas of change;

- Applicants will now be contacted by highways officers following the initial application deadline, to carry out further work in developing the feasibility and cost of solutions that meet their objectives. An updated application incorporating the outcome of this work will then be included in the information presented to the LHI assessment panels.
- **This initial deadline is scheduled for 30th September 2017**, followed by further development with officers and local communities throughout October, November and December.
- The budget for projects will now be required to include the cost of the officer resources necessary to deliver them. This will be estimated by officers during the feasibility assessment stage outlined above.
- Multiple applications will now be accepted from Town Councils, limited to the number of County Council divisions in their authority area.
- New webpages will go live in early August, providing information on both the LHI and new Privately Funded Highway Improvement (PFHI) processes. Detailed guidance on the solutions to common highway issues will also be incorporated, providing a resource for applicants to inform their decision to fund minor improvements to their local highway.

We will be in touch again soon to provide you with further support with the changes, if you have any urgent questions in the meantime please don't hesitate contacting us.

Kind regards

Subject: APPLY NOW for Local Highway Improvement funding 2018/19

Good afternoon,

I am pleased to inform you that the new 'Improve Your Local Highway' web pages have now been published, which include all of the usual information on the Local Highway Improvement (LHI) Initiative and online application form, which remains largely unchanged from previous years.

<https://www.cambridgeshire.gov.uk/residents/travel-roads-and-parking/roads-and-pathways/improving-your-local-highway/>

The deadline for LHI applications has also been extended to **15th October 2017**, following which you will be contacted to look at the feasibility of your application in more detail. Your final application will then be presented to the LHI Member Advisory Panel in February 2018.

If you have any questions please don't hesitate contacting us using local.projects@cambridgeshire.gov.uk

Dear Sir/ Madam

Re: Carriageway Repairs on Broad Street

I am writing to inform you that Cambridgeshire Highways will shortly be carrying out repairs to the road surface on Broad Street, Cambourne.

The works require the road to be closed to traffic on the 10th of October between the hours of 8.30am and 3.30pm.

A full diversion route via Back Lane and De La Warr Way will be in place during the works but access to properties along Broad Street will be maintained at all times.

We will endeavour to keep to the above schedule; however, this is potentially subject to change in extreme circumstances.

If you would like any further information, please do not hesitate to contact us.

We apologise for any inconvenience these works may cause.

Regards
