Subject: Parking issue in Broad St

Dear Sir,

Ref our telecom this afternoon ref above.

I am requesting the need for some double yellow lines on about the first 15-20 feet as you turn off the main Broad St onto the service road for residential town house.

When cars park on the junction area there is little room to get past, espec if big UPS type delivery vans.

Please see attached pics.

As a result the verge is used and destroyed, and has been eroded.

I fear:

Parked cars will be hit

Verge will further deteriorate

Illuminated sign and it's control box will be hit. The box is already being run over and probably will be broken soon

There is a piece of metal rod sticking up which will impair someones tyres/body

For the sake/cost of a small piece of painting this can all be avoided.

I would be very happy to meet CPC members to discuss on site.

Please acknowledge receipt

Regards
