

CAMBOURNE PARISH COUNCIL

District of South Cambridgeshire

Council Meeting 5th March 2019

Faith Building Working Party

A request was sent to all Councillors requesting information on the Faith Groups in Cambourne so we could get an idea of their requirements.
Contents of email below.

Councillors

The Faith Working Party was set up by the Full Council to look at what all the faith groups in Cambourne considered would help them meet their needs now and going forward. If you are a member of a faith or know a group in Cambourne that would be in a position to provide information on their need please get them to contact me. The information can then feed into the working party. If you are a member of the working party can you please arrange for one person to prepare a list of needs. It is important to stress that we cannot promise to provide everything requested, but will feed it into future planning consultations.

Once we have this information we can bring it together and arrange a meeting to discuss the information.

If you have information on a faith group in Cambourne and you would prefer me to approach them, please let me have their details.

It is helpful if you let me know if you have contacted someone or not.
