

**Personal Statement Paul Storer FCA, CF, VR**

**I am a 68 year old retired private practice Chartered Accountant. I also served for 36 years as a reservist in the Territorial Army and was awarded the Volunteer Reserve Services Medal. Currently I am a volunteer member of the ceremonial bodyguard of the Lord Mayor of the City of London. 7 grand-children keep me very busy.**

**My wife Antonia and I have lived in Cambourne since 2002. My youngest daughter and her husband live and work in Cambourne and their three children go to Cambourne College.**

**I am a member of the Cambourne inter-faith Gospel Choir, a past voluntary driver with the Cambourne Community Car Scheme and for a number of years was a Scout Master.**

**Cambourne is growing fast. We need to think carefully about our young people and their needs, including the proposed youth centre and also those who came here when middle-aged and who are now our new elderly. We have a thriving and lovely community and we need to build on and develop that going forward, look after the existing and future town assets and properties and continue to meet the needs of the whole community.**
