

Statement for Cambourne Councillor

I have been a Cambourne resident for a number of years now, I love living here and I feel I can help this community with my experience and ideas.

I have already some experience helping others when working as a volunteer as a bicycle mechanic in RBK Bicycle Repair Charity Shop and helping in Cambourne Library, supporting them in general tasks.

I am a hardworking, organised and motivated person with a great interest in politics, human and animal rights, environment and equality.

I am of good character and I have an open mind and a friendly personality. I enjoy meeting new people and making a real difference in people's lives.

As a Councillor, I would like to make a difference in Cambourne peoples' lives and I have got plenty of ideas for improving the community.

I want to help people on their daily basis issues and to address their needs, complaints and problems. I want to change things.
