Responses published to the emerging Greater Cambridge Local Plan 'First Conversation' consultation and Call for Sites

The Greater Cambridge Shared Planning Service, on behalf of Cambridge City Council and South Cambridgeshire District Council, has [published all the responses](#) submitted to the Greater Cambridge Local Plan 'First Conversation' consultation and Call for Sites, held earlier this year. You can [find out more and read the responses](#). We have been holding several webinars to answer questions from Parish Councils, Residents Associations and the wider public on what this means for you. A video of the public webinar content can be viewed on the [Council's YouTube channels](#) - the website above also links to this. If you have any questions, please read our [Frequently Asked Questions](#)

South Cambs are not consulting on the sites at the moment as they are still working on the criteria that will be used to assess the sites, but it is worth looking at the impact and bear this in mind.

Some of the sites impinge on the Country parks that are due to be adopted by the Wildlife Trust and Cambourne Town Council. It would be worth reviewing the documents regarding this and the context of the proposed sites so this can be fed into the Local Plan team.

It is

Recommended: that the Chairs group and appropriate Councillors assist the Town Clerk in making representations, as necessary prior to the launch of the consultation process.
