

CAMBOURNE TOWN COUNCIL

District of South Cambridgeshire

East West Rail Station at Cambourne

Questionnaire

The East West Rail (EWR) questionnaire has been drawn up with the Chairs Group. The aim of the questionnaire is to enable the Council to ascertain the views of the residence, on location and use of the EWR station sited adjacent to Cambourne.

The questionnaire is attached for your information and is currently being set up on Survey Monkey. Hard copies will be available to those who are unable to complete it online. An article has been sent to the Crier and it will appear in the next issue. Once completed the questionnaire will also be promoted on the Town Council website, Facebook and the Council notice boards.

Local Parish Councils

A letter has been sent to local parish councils to find out if they support the location of a EWR station to the north of Cambourne. The replies are being collated, to enable the Council to make an informed decision and support our arguments, to have the station located north of the A428 and Cambourne.

It is

RECOMMENDED to receive the report.
