There will be a short presentation/overview with some explanatory slides We have allowed 15 minutes for this item and Q&A.

Dear John

I am glad that you have seen our report and we would be very pleased to attend and brief the Council. This would be myself and Edward Leigh (who wrote the report and will be much better placed to answer any technical questions).

I would be grateful if you could send us a joining link in due course.

Would the committee like a short presentation/overview with some explanatory slides or are we to assume that they have all read the attached report?

Best wishes

James Littlewood - Chief Executive
